

THE AMERICAN JOURNAL OF
TROPICAL MEDICINE AND HYGIENE

VOLUME 42

FEBRUARY 1990

NUMBER 2

CONTENTS

Editor's page.—	97
Infection of chimpanzees with the Uganda I/CDC strain of <i>Plasmodium malariae</i> .—William E. Collins, Harold M. McClure, Elizabeth Strobert, Valerie Filipiski, Jimmie C. Skinner, Peggy S. Stanfill, Bettye B. Richardson, and Carla Morris	99
Genetic complexity of <i>Plasmodium vivax</i> parasites in individual human infections analyzed with monoclonal antibodies against variant epitopes on a single parasite protein.—Preethi V. Udagama, Asoka C. Gamage-Mendis, Peter H. David, J. S. M. Peiris, K. L. R. L. Perera, Kamini N. Mendis, and Richard Carter	104
Comparison of experimental infectivity and development of <i>Plasmodium vivax</i> in <i>Anopheles sacharovi</i> and <i>An. superpictus</i> in Turkey.—Halil Kasap	111
Canine visceral leishmaniasis in northeast Brazil: assessment of serodiagnostic methods.—Thomas G. Evans, I. A. B. Vasconcelos, Jose Wellington Lima, Jania Maria Teixeira, Isabel Tavares McAullife, Ulisses G. Lopes, Richard D. Pearson, and Antonio Wilson Vasconcelos	118
<i>Dirofilaria striata</i> infection in a North Carolina child.—Thomas C. Orihel and Edward K. Isbey, Jr.	124
Cryptosporidiosis: a cause of diarrhea in Bangladesh.—Mahbubur Rahman, Nigar S. Shahid, Hamidur Rahman, David A. Sack, Nurur Rahman, and Shahadat Hossain	127
Immune response to cryptosporidiosis in Philippine children.—Marc A. Laxer, Alberto K. Alcantara, Marivyl Javato-Laxer, Danilo M. Menorca, Marcelino T. Fernando, and Catherine P. Ranco	131
Specific and cross-reacting antibodies in human responses to <i>Onchocerca volvulus</i> and <i>Dracunculus medinensis</i> infections.—T. Garate, M. M. Kliks, Z. Cabrera, and R. M. E. Parkhouse	140
Effect of mass treatment of a human population with ivermectin on transmission of <i>Onchocerca volvulus</i> by <i>Simulium yahense</i> in Liberia, West Africa.—M. Trpis, J. E. Childs, D. J. Fryauff, B. M. Greene, P. N. Williams, B. E. Munoz, M. C. Pacque, and H. R. Taylor ...	148
Changes in antischistosomal drug usage patterns in rural Qalyubia, Egypt.—David F. McNeeley, Mostafa A. Habib, Salwa H. Morgan, Fatma A. Azziz, and Barnett L. Cline	157
Norfloxacin for the prophylaxis of travelers' diarrhea in U.S. military personnel.—Daniel A. Scott, Richard L. Haberberger, Scott A. Thornton, and Kenneth C. Hyams	160
Experimental chronic Lyme borreliosis in Lewis rats.—Kathleen D. Moody, Stephen W. Barthold, Gordon A. Terwilliger, Deborah S. Beck, George M. Hansen, and Robert O. Jacoby	165
Equine rabies immune globulin: a product with an undeserved poor reputation.—Henry Wilde and Supawat Chutivongse	175

Dengue hemorrhagic fever in Cuba, 1981: a retrospective seroepidemiologic study.— María G. Guzmán, Gustavo P. Kouri, José Bravo, Maritza Soler, Susan Vazquez, and Luis Morier	179
Transmission of Rift Valley fever virus by the sand fly, <i>Phlebotomus duboscqi</i> (Diptera: Psychodidae).— Michael J. Turell and Peter V. Perkins	185
