

THE AMERICAN JOURNAL OF
TROPICAL MEDICINE AND HYGIENE

VOLUME 46

JANUARY 1992

NUMBER 1

CONTENTS

From the Editor	iii-iv
In this issue	v
Multi-drug resistant falciparum malaria in Cameroon in 1987-1988 I. Stable figures of prevalence of chloroquine- and quinine-resistant isolates in the original foci—Philippe Brasseur, Jonas Kouamouo, Roger Moyou-Somo, and Pierre Druilhe	1
Multi-drug resistant falciparum malaria in Cameroon in 1987-1988 II. Mefloquine resistance confirmed in vivo and in vitro and its correlation with quinine resistance—Philippe Brasseur, Jonas Kouamouo, Roger Moyou-Somo, and Pierre Druilhe	8
Daphnetin: A novel antimalarial agent with in vitro and in vivo activity—Ying-Zi Yang, Allen Ranz, Hua-Zhen Pan, Zhi-Nan Zhang, Xie-Bin Lin, and Steven R. Meshnick	15
Effect of chloroquine chemoprophylaxis during pregnancy on birth weight: results of a randomized trial—M. Cot, A. Roisin, D. Barro, A. Yada, J.-P. Verhave, P. Carnevale, and G. Breart	21
Is <i>Anopheles mascarensis</i> a new malaria vector in Madagascar?—Didier Fontenille and Garry H. Campbell	28
Detection of soluble exoantigens of <i>Trypanosoma cruzi</i> by a dot-immunobinding assay—Ricardo S. Corral, Anders Orn, and Saul Grinstein	31
Evaluation of an enzyme-linked immunosorbent assay for the diagnosis of Chagas' disease using synthetic peptides—Ulises Vergara, Cecilia Veloso, Andrea Gonzalez, and Myriam Lorca	39
Immunodetection of antibodies in sera from symptomatic and asymptomatic Chilean Chagas' disease patients with <i>Trypanosoma cruzi</i> recombinant antigens—Myriam Lorca, Andrea Gonzalez, Cecilia Veloso, Viviana Reyes, and Ulises Vergara	44
Construction of a genomic DNA library of the <i>Toxoplasma gondii</i> ZS ₂ strain, screening of specific clones, and DNA diagnosis of toxoplasmosis—Ai-Di Xia, Yun-Zhong Gu, Shi-Jie Xu, Ke-Min Wang, Hui-Zhen Yang, Ke-Ji Xu, Zong-Li Qian, and Shi-Shu Chen	50
Congenital kala-azar and leishmaniasis in the placenta—Isam A. Eltoun, Edward E. Zijlstra, Mohamed S. Ali, Hashim W. Ghalib, Maria M. H. Satti, Bushra Eltoun, and Ahmed M. El-Hassan	57
The epidemiology of hepatitis C virus antibody in Yemen—Daniel A. Scott, Niel T. Constantine, Johnny Callahan, James P. Burans, James G. Olson, Mohamed Al-Fadeel, Hussein Al-Ozieb, H. Arunkumer, and Kenneth C. Hyams	63
Evaluation of domestic pigeons as sentinels for detecting arbovirus activity in southern California—William K. Reisen, James L. Hardy, and Sally B. Presser	69
Detection of circulating parasite antigens in murine gnathostomiasis by a two-site enzyme-linked immunosorbent assay—Wanchai Maleewong, Chaisiri Wongkham, Pewpan Intapan, Punkae Mahaisavariya, Weerayutt Danseegaew, Vichit Pipitgool, and Nimit Morakote	80

<i>Taenia solium</i> taeniasis and neurocysticercosis in a Mexican rural family—Ramon Lara-Aguilera, Joel F. Mendoza-Cruz, Jose Luis Martinez-Toledo, Rogelio Macias-Sanchez, Kaethe Willms, Lilia Altamirano-Rojas, and Antonio Santamaria-Llano	85
Ultrasonographic and serologic abnormalities in <i>Schistosoma japonicum</i> infection in Leyte, The Philippines—Hiroshi Ohmae, Manami Tanaka, Masataka Hayashi, Yasushi Matsuzaki, Yoshihisa Kurosaki, Bayani L. Blas, Gerundio G. Portillo, Orland S. Sy, Yuji Irie, and Kazuo Yasuraoka	89
Improvement of ultrasonographic and serologic changes in <i>Schistosoma japonicum</i>-infected patients after treatment with praziquantel—Hiroshi Ohmae, Manami Tanaka, Masataka Hayashi, Yasushi Matsuzaki, Yoshihisa Kurosaki, Bayani L. Blas, Gerundio G. Portillo, Orland S. Sy, Yuji Irie, and Kazuo Yasuraoka	99

Number 6 (December) of Volume 45 was mailed to Subscribers on 10 January 1992
