

THE AMERICAN JOURNAL OF
TROPICAL MEDICINE AND HYGIENE

VOLUME 49

JULY 1993

NUMBER 1

CONTENTS

California virus — 53 Chagas' disease — 143 Cryptosporidiosis — 63 Diarrhea — 93 Filariasis — 135 Leishmaniasis — 68	Malaria — 25, 101, 106, 113, 121, 127 Mycoplasmosis — 88 Pichinde virus — 10 Schistosomiasis — 1, 76 St. Louis encephalitis — 30, 38, 46
---	--

PATHOLOGY/PATHOGENESIS

Regression of hepatic lesions after treatment of <i>Schistosoma mansoni</i> or <i>Schistosoma japonicum</i> infection in mice: a comparative study—Zilton A. Andrade, Teresa M. Cox, and Allen M. Cheever	1
Pathogenesis of Pichinde virus infection in strain 13 guinea pigs: an immunocytochemical, virologic, and clinical chemistry study—Brett M. Connolly, A. Bennett Jenson, C. J. Peters, Stanley J. Geyer, James F. Barth, and Richard A. McPherson	10

MOLECULAR/BASIC BIOLOGY

Factors affecting exflagellation of in vitro-cultivated <i>Plasmodium falciparum</i> gametocytes—Rose A. Ogwan'g, Josephat K. Mwangi, John Githure, J. B. O. Were, Clifford R. Roberts, and Samuel K. Martin	25
--	----

EPIDEMIOLOGY

Epidemiologic aspects of a St. Louis encephalitis epidemic in Jefferson County Arkansas, 1991—Anthony A. Marfin, Daniel M. Bleed, John P. Lofgren, Annette C. Olin, Harry M. Savage, Gordon C. Smith, Patrick S. Moore, Nick Karabatsos, and Theodore F. Tsai	30
Entomologic investigations of an epidemic of St. Louis encephalitis in Pine Bluff, Arkansas, 1991—Harry M. Savage, Gordon C. Smith, Chester G. Moore, Carl J. Mitchell, Mark Townsend, and Anthony A. Marfin	38
Avian hosts of St. Louis encephalitis virus in Pine Bluff, Arkansas, 1991—R. G. McLean, L. J. Kirk, R. B. Shriner, and M. Townsend	46
Vector and host relationships of California serogroup viruses in western Siberia—Carl J. Mitchell, Sergei D. Lvov, Harry M. Savage, Charles H. Calisher, Gordon C. Smith, Dmitry K. Lvov, and Duane J. Gubler	53
<i>Cryptosporidium</i> infections in a suburban community in Maracaibo, Venezuela—Léonor Chacin-Bonilla, Margot Mejia De Young, Georgina Cano, Neuro Guanipa, Jesus Estevez, and Ernesto Bonilla	63
Host preferences of the sand fly <i>Lutzomyia longipalpis</i> at an endemic focus of American visceral leishmaniasis in Colombia—Amy C. Morrison, Cristina Ferro, and Robert B. Tesh	68
Recent trends in the prevalence and distribution of schistosomiasis in the Nile delta region—Marco K. Michelson, Fatma A. Azziz, Foda M. Gamil, Adel A. Wahid, Frank O. Richards, Dennis D. Juranek, Mustafa A. Habib, and Harrison C. Spencer	76

CLINICAL STUDIES

- Mycoplasma pneumoniae* and *Chlamydia trachomatis* in acute lower respiratory infections in Filipino children—**Pekka Saikku, Petri Ruutu, Maija Leinonen, Marjaana Kleemola, Fem Paladin, and Thelma E. Tupasi** 88
- Common diarrhea pathogens and the risk of dehydration in young children with acute watery diarrhea: a case-control study—**A. S. G. Faruque, D. Mahalanabis, A. Islam, S. S. Hoque, and A. Hasnat** 93

DRUG STUDIES

- Antimalarial activity of azithromycin and erythromycin against *Plasmodium berghei*—**Bruce A. Gingras and James B. Jensen** 101
- Falciparum malaria: differential effects of antimalarial drugs on ex vivo parasite viability during the critical early phase of therapy—**William M. Watkins, Charles Woodrow, and Kevin Marsh** 106
- A novel pyrrolidonoalkaneamine (WR268954) that modulates chloroquine resistance of *Plasmodium falciparum* in vitro—**Dibyendu De, Amiya P. Bhaduri, and Wilbur K. Milhous** .. 113
- PS-15: a potent, orally active antimalarial from a new class of folic acid antagonists—**C. J. Canfield, W. K. Milhous, A. L. Ager, R. N. Rossan, T. R. Sweeney, N. J. Lewis, and D. P. Jacobus** 121

IMMUNOLOGY

- Plasmodium coatneyi* ring-infected erythrocyte surface antigens—**Rachanee Udomsangpetch, Arthur E. Brown, C. Dahlem Smith, and H. Kyle Webster** 127
- Elevated antifilarial IgG4 antibody levels in microfilaremic and microfilaridermic Gabonese adults and children—**Thomas G. Egwang, Christophe Nguri, Maryvonne Kombila, Than H. Duong, and Dominique Richard-Lenoble** 135

PREVENTION AND CONTROL

- Field trial of vaccination against American trypanosomiasis (Chagas' disease) in dogs—**Miguel A. Basombrio, Maria A. Segura, Maria C. Mora, and Laura Gomez** 143

Number 6 (June) of Volume 48 was mailed to subscribers on 5 August 1993
